

The Darien Nature Center is located in the heart of Darien's Cherry Lawn Park. We inspire passion and respect for the natural world through nature education, hands-on experiences with nature, and environmental action and stewardship. Built by generous supporters, the Nature Center is open daily to the public, who visit our 22 species of animals and hike the trails. This summer we will be running three, two-week on-site camp sessions that will include all the usual summer fun – outdoor exploration, nature discoveries, animal encounters, games, crafts, stories, songs, water play, science experiments, and more!

## **Summer Camp 2023**
